

POLICY NAME: Recycling
Effective Date: January 1, 2018

Purpose

In an effort to be green, Golden Bridges, Inc. supports recycling when feasible. There are jobs where this might not be an option such as a clean out. In cases like this we inquire with the trash hauler as to their policy in regard to recycling.

Process

Items to be recycled will include hangers, glass bottles and jars, office papers (non-shred), books, magazines, cell phones, eyeglasses, and cardboard. Other metals or papers will also be considered if appropriate for recycle vs. trash. E-waste includes technology such as computers, cell phones and land phones, cords, radios, television, cable hardware, keyboards and other computer accessories. When feasible, e-waste will be donated or recycled by Team Lead.

The Team Lead is responsible for delivering items to the recycle or drop off location. Team members should help load these items into the vehicle so that delivery can be made at the end of the day or the move. This will depend on how long the team is scheduled on-site.
